## LIYOSA-401

### BISPHENOL A EPOXY DIACRYLATE

#### Description:

Bisphenol A epoxy diacrylate with high reactivity and high gloss

#### Applications:

Typical applications of such coatings and inks include:

- ✓ Coatings for plastic substrates as in automotive applications
- ✓ Overprint varnishes
- ✓ Offset, Screen, Flexo and Inkjet printing inks

Properties	Value
functionality	2
Tg (°C)	60
Acid Value	Max 3 (mgKOH/g)
Color Gardner	Max 1
Viscosity (60°C)	4000-7000 cP
